GIVING BACK
for Life

WHAT ARE YOUR REASONS?

I didn't think any event in my life would ever be more inspiring than becoming a father. Then I became a grandfather. Seeing my family grow gave me an incredible feeling of accomplishment and a new found vitality. They are my reason.

Contribute to Life

- One in six men in Alberta will be diagnosed with prostate cancer.
- Eight men die of prostate cancer every week in Alberta.
- In 2008 an estimated 24,700 cases were newly diagnosed and 4300 men lost their lives to prostate cancer.
- There may be no early warning signs of prostate cancer.

By supporting awareness and education initiatives that focus on early detection and treatment of prostate cancer and prostate related disease, we can rewrite these statistics.

Our mission is to eliminate advanced prostate cancer.

We are a non-profit organization focused on the early detection and treatment of prostate cancer. We support excellence in the areas of access, care, education, treatment, advocacy and research in hopes that one day we can eliminate prostate cancer and prostate related disease.

If you are interested in learning more about our organization, sponsorship opportunities or clinic dates, please visit our website at prostatecancercentre.ca.

Thanks to our sponsors for their generous support of our programs and furthering the fight against prostate cancer and prostate related disease.

Who We Are

WHAT IS THE PROSTATE CANCER FOUNDATION (PCF)?

The Prostate Cancer Foundation is a registered charity that works with the community and local businesses to fund the non-profit Prostate Cancer Centre, an organization dedicated to the early detection and treatment of prostate cancer.

WHAT IS THE PROSTATE CANCER CENTRE?

The Prostate Cancer Centre is dedicated to helping men diagnosed with, or suspected of having, prostate cancer or prostate related diseases. Diagnostic, support and research facilities provide enhanced patient care to those affected and advance the fight against prostate related illness.

Over 10,000 men and their families visit the Prostate Cancer Centre every year to access medically-sound information and receive support from volunteers who have experienced prostate disease. Our unique mobile testing unit, the Man Van, will allow us to help more men than ever to establish their baseline PSA test. Plus, a team of top medical professionals provide rapid access diagnostic services; education and health sessions; and conduct research to improve diagnosis and treatment options.

The PCF continues to raise funds to support these initiatives, as well as many others, with the ultimate goal of finding a cure for prostate cancer and prostate related disease. We receive no government funding for our operations.
