Giving Back to Our Patients

Who We Are

Calgary Prostate Cancer Centre (PCC) is a charitable organization and world-class medical Centre dedicated to the fight against prostate cancer.

Our Centre is committed to excellence in patient care, and offers comprehensive patient-focused programs and services for men in Southern Alberta. Our services include educational programming, medical treatment, aftercare, counselling, research, and advocacy.

Every year, PCC sees 22,000 men and their families who are in need of access to our programs and services. Our Centre's research department is recognized as one of the top facilities in Canada, with studies benefitting both current and future patients.

In the community, we work hard to ensure the MAN VAN™, Canada's only mobile PSA testing unit, travels throughout Calgary and southern Alberta to bring education, awareness, and men's health tests to different communities.

Calgary Prostate Cancer Centre operates solely on the generosity of community events, corporate sponsors, volunteers, and you.

Why We Need Your Support
