

To honour Prostate Cancer Awareness Month, our Centre is educating and bringing awareness to the disease. We will continue to educate our community about prostate cancer into November when our annual *Keep It In Calgary* campaign returns.

To kick off our annual campaign, we will be hosting our Centre's first ever livestream event, *The Local Dive*, on October 21, 2020. This online series will dive deep into a topic that Calgarians are all too familiar with: **Overcoming Adversity and Hardship**. The inaugural event will feature some of Calgary's most influential and thought-provoking leaders as they discuss everything from health and wellness to food and fashion.

Summer 2020 Highlights:

2020 has been a challenging time. The COVID-19 pandemic forced Calgary Prostate Cancer Centre to cancel many events, clinics, and fundraisers. Our Centre relies on events in order to continue to provide crucial services to the individuals in our community who need it.

Yet, if there's anything we know, it's that our community is strong. We had so many incredible partners step up to help and we are eternally grateful.

Thank You Remington!

This incredible group makes a huge difference to our community!

We are so appreciative of the **2020 Remington Charity Golf Classic** committee members who continue to donate their time and talent to our Centre.

Although this year's golf tournament included several social distancing measures, their incredible fundraising efforts were not deterred, raising a grand total of **\$325,000**. Thank you all so much!

Thank You Priddis!

Although the **2020 Priddis Greens Charity Classic** looked a little different this year, it was a huge success raising **\$168,000!**

This event is one of the most highly anticipated annual events for Calgary Prostate Cancer Center and we are so happy it could continue to run this year.

Thank you to the tournament golfers, the Priddis Greens golf members, and all of the committee members for making this happen!

Another Incredible Act of Kindness from Our Community

Calgary Prostate Cancer Centre recently received an incredibly generous donation of \$50,000 from the Calgary Chinatown Seniors' Centre Foundation.

The Chinatown Seniors' Centre Foundation has been a valued partner of Calgary Prostate Cancer Centre for several years. Together we have worked to ensure the critical message of early detection of prostate cancer has been relayed to their community.

We are so grateful for their generosity.

THANK YOU
